

EVA

Smart. Sleek. Solar.

Your Perfect City Car

One Of The Thousand Days With Eva

It's Monday morning and the city's alive.
You're running a bit **late**, but there's no rush.
In just 5 minutes, Eva is charged and ready to go.
You glide through the traffic on the streets **and find parking** where others can't. **The panoramic view opens up the city** in a way you've never noticed before.
No fumes, no fuss. **You reach** the office **on time**, relaxed and refreshed, **with the peace of mind that you're driving sustainably**. Eva makes every drive a moment to breathe.

Yes, Eva gets you to the point faster.

the spotlight that elevates your drive

Compact design

for nimble & agile city maneuvers

250 km range

on a single charge

Perfect fit

for 2 adults & 1 child

50 kms in 5 minutes

with super fast charging

Premium interiors

designed for comfort & style

0-40 kmph

in 5 seconds

turn sunshine into motion!

Eva makes solar-powered rides a reality-
Accessible, sustainable, and oh-so-smart,
it's the solar revolution you've been waiting for.

Free

Up to 3,000 km of sun-powered
driving annually

Charging

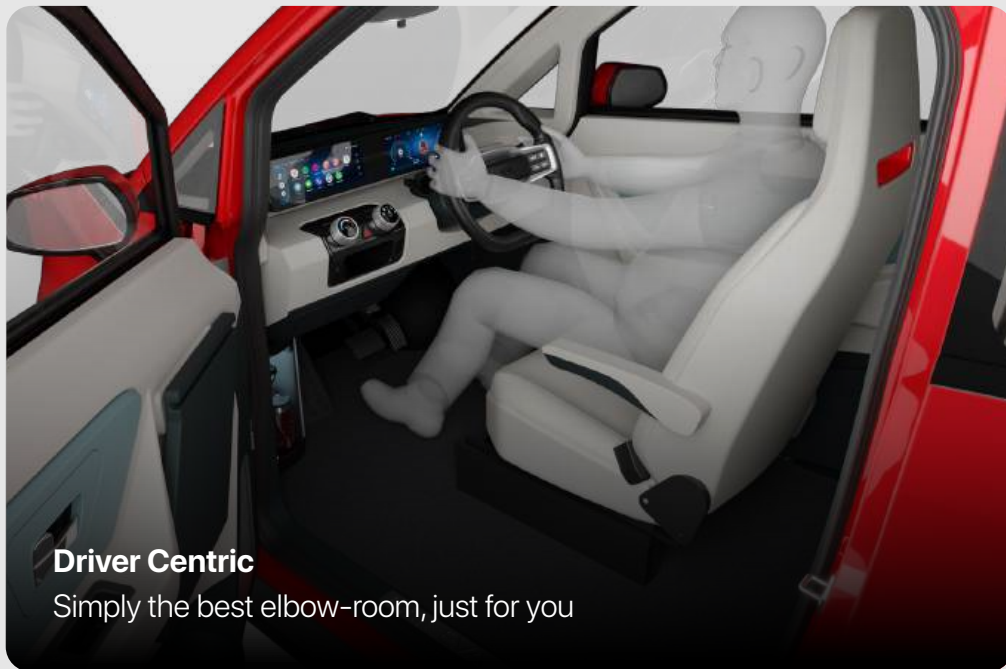

Clean energy, whether parked
or driving

Efficient

High-performance solar panels for
maximum energy capture

Driver Centric

Simply the best elbow-room, just for you

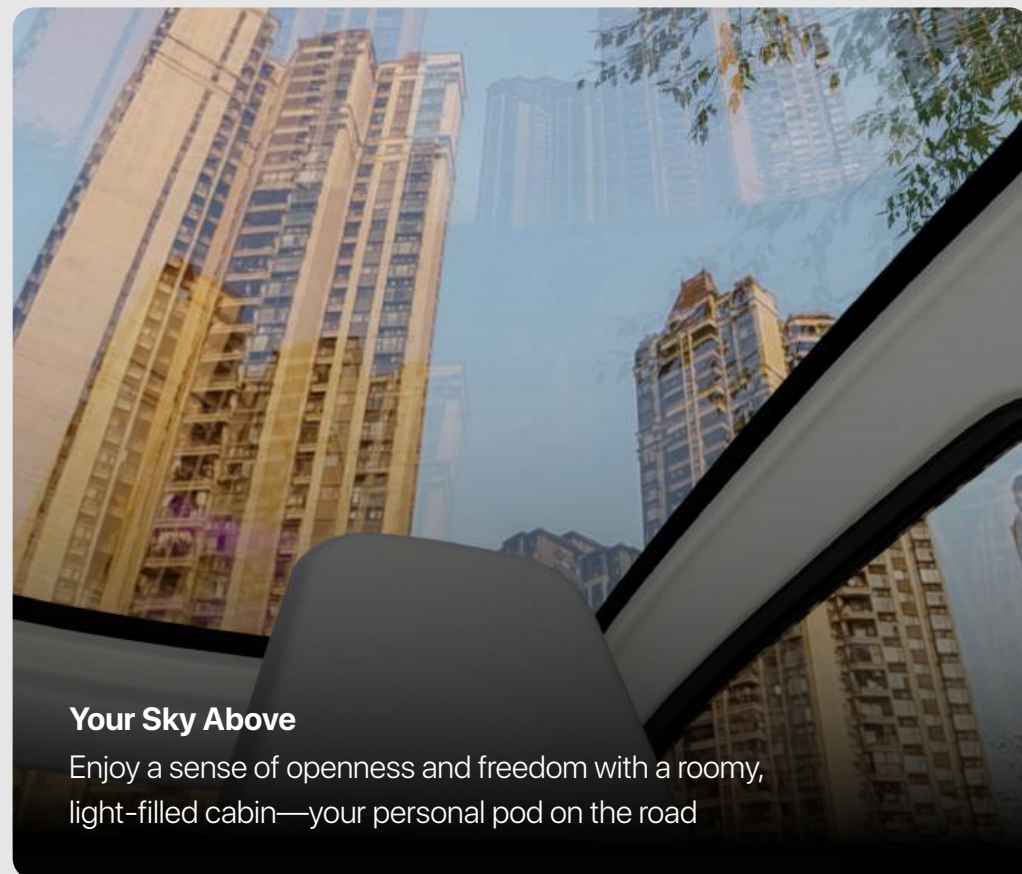

premium experience

Your personal urban oasis.
Step into Eva and discover a space
designed around you!

Expansive View

Wide driver visibility ensures effortless road awareness
and easy driving judgement on busy city streets

Your Sky Above

Enjoy a sense of openness and freedom with a roomy,
light-filled cabin—your personal pod on the road

Electronic Parking Brake

Experience effortless control with a modern electronic parking brake for a hassle-free stop at your destinations

USB Type C Charger

Charge your laptop on the go with convenient 45W power, ensuring powered up devices for the entire day
